

Attention Tournament Directors

Looking for something different for your next event?

Lobster Trap Art offers customized trophies for your tournament or awards banquet.

Incorporate your own artwork or let us design something for you!

Looking for a unique, attractive and inexpensive trophy for your tournament? We have the solution. Here at Lobster Trap Art we design a trophy made from old lobster traps fished here in the Florida Keys!

Each of our hand built trophy frames is constructed to your specifications.

We then place ceramic tiles, which we design, in each frame to designate the different winners and divisions specific to your tournament!
